relating to sex offenders.

DRAFT

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 6601 of the Welfare and Institutions Code, as amended by Section 3 of Chapter 710 of the Statutes of 2010, is amended to read:

6601. (a) (1) Whenever the Secretary of the Department of Corrections and Rehabilitation determines that an individual who is in custody under the jurisdiction of the Department of Corrections and Rehabilitation, and who is either serving a determinate prison sentence or whose parole has been revoked, may be a sexually violent predator, the secretary shall, at least six months prior to that individual's scheduled date for release from prison, refer the person for evaluation in accordance with this section. However, if the inmate was received by the department with less than nine months of his or her sentence to serve, or if the inmate's release date is modified by judicial or administrative action, the secretary may refer the person for evaluation in accordance with this section at a date that is less than six months prior to the inmate's scheduled release date.

(2) A petition may be filed under this section if the individual was in custody pursuant to his or her determinate prison term, parole revocation term, or a hold placed pursuant to Section 6601.3, at the time the petition is filed. A petition shall not be dismissed on the basis of a later judicial or administrative determination that the individual's custody was unlawful, if the unlawful custody was the result of a good faith mistake of fact or law. This paragraph shall apply to any petition filed on or after January 1, 1996.

(b) The person shall be screened by the Department of Corrections and Rehabilitation and the Board of Parole Hearings based on whether the person has

committed a sexually violent predatory offense and on a review of the person's social, criminal, and institutional history. This screening shall be conducted in accordance with a structured screening instrument developed and updated by the State Department of Mental Health in consultation with the Department of Corrections and Rehabilitation. If as a result of this screening it is determined that the person is likely to be a sexually violent predator, the Department of Corrections and Rehabilitation shall refer the person to the State Department of Mental Health for a full evaluation of whether the person meets the criteria in Section 6600.

(c) The State Department of Mental Health shall evaluate the person in accordance with a standardized assessment protocol, developed and updated by the State Department of Mental Health, to determine whether the person is a sexually violent predator as defined in this article. The standardized assessment protocol shall require assessment of diagnosable mental disorders, as well as various factors known to be associated with the risk of reoffense among sex offenders. Risk factors to be considered shall include criminal and psychosexual history, type, degree, and duration of sexual deviance, and severity of mental disorder.

(d) Pursuant to subdivision (c), the person shall be evaluated by two practicing psychiatrists or psychologists, or one practicing psychiatrist and one practicing psychologist, designated by the Director of Mental Health, one or both of whom may be independent professionals as defined in subdivision (g). If both evaluators concur that the person has a diagnosed mental disorder so that he or she is likely to engage in acts of sexual violence without appropriate treatment and custody, the Director of Mental Health shall forward a request for a petition for commitment under Section

6602 to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment.

(e) If one of the professionals performing the evaluation pursuant to subdivision (d) does not concur that the person meets the criteria specified in subdivision (d), but the other professional concludes that the person meets those criteria, the Director of Mental Health shall arrange for further examination of the person by two independent professionals selected in accordance with subdivision (g).

(f) If an examination by independent professionals pursuant to subdivision (e) is conducted, a petition to request commitment under this article shall only be filed if both independent professionals who evaluate the person pursuant to subdivision (e) concur that the person meets the criteria for commitment specified in subdivision (d). The professionals selected to evaluate the person pursuant to subdivision (g) shall inform the person that the purpose of their examination is not treatment but to determine if the person meets certain criteria to be involuntarily committed pursuant to this article. It is not required that the person appreciate or understand that information.

(g) Any independent professional who is designated by the Secretary of the Department of Corrections and Rehabilitation or the Director of Mental Health for purposes of this section shall not be a state government employee, shall have at least five years of experience in the diagnosis and treatment of mental disorders, and shall include psychiatrists and licensed psychologists who have a doctoral degree in psychology. The requirements set forth in this section also shall apply to any

professionals appointed by the court to evaluate the person for purposes of any other proceedings under this article.

(h) If the State Department of Mental Health determines that the person is a sexually violent predator as defined in this article, the Director of Mental Health shall forward a request for a petition to be filed for commitment under this article to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment in the superior court.

(i) If the county's designated counsel concurs with the recommendation, a petition for commitment shall be filed in the superior court of the county in which the person was convicted of the offense for which he or she was committed to the jurisdiction of the Department of Corrections and Rehabilitation. The petition shall be filed, and the proceedings shall be handled, by either the district attorney or the county counsel of that county. The county board of supervisors shall designate either the district attorney or the county counsel to assume responsibility for proceedings under this article.

(j) The time limits set forth in this section shall not apply during the first year that this article is operative.

(k) If the person is otherwise subject to parole, a finding or placement made pursuant to this article shall toll the term of parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code.

(l) Pursuant to subdivision (d), the attorney designated by the county pursuant to subdivision (i) shall notify the State Department of Mental Health of its decision regarding the filing of a petition for commitment within 15 days of making that decision.

(m) (1) The department shall provide the fiscal and policy committees of the Legislature, including the Chairperson of the Joint Legislative Budget Committee, and the Department of Finance, with a semiannual update on the progress made to hire qualified state employees to conduct the evaluation required pursuant to subdivision (d). The first update shall be provided no later than July 10, 2009.

(2) On or before January 2, 2010, the department shall report to the Legislature on all of the following:

(A) The costs to the department for the sexual offender commitment program attributable to the provisions in Proposition 83 of the November 2006 general election, otherwise known as Jessica's Law.

(B) The number and proportion of inmates evaluated by the department for commitment to the program as a result of the expanded evaluation and commitment criteria in Jessica's Law.

(C) The number and proportion of those inmates who have actually been committed for treatment in the program.

(3) This section shall remain in effect and be repealed on the date that the director executes a declaration, which shall be provided to the fiscal and policy committees of the Legislature, including the Chairperson of the Joint Legislative Budget Committee, and the Department of Finance, specifying that sufficient qualified state employees

have been hired to conduct the evaluations required pursuant to subdivision (d), or January 1, ~~2012~~ 2015, whichever occurs first.

However, if the inmate was received by the department with less than nine months of his or her sentence to serve, or if the inmate's release date is modified by judicial or administrative action, the secretary may refer the person for evaluation in accordance with this section at a date that is less than six months prior to the inmate's scheduled release date.

LEGISLATIVE COUNSEL'S DIGEST

Bill No.

as introduced, _____.

General Subject: Sex offenders.

Existing law requires, prior to release from the custody of the Department of Corrections and Rehabilitation of a person who has been convicted of certain crimes of a sexual nature, that the Secretary of the Department of Corrections and Rehabilitation refer that person to the State Department of Mental Health for evaluation if the secretary determines that person may be a sexually violent predator. The evaluation is to be performed by 2 practicing psychiatrists or psychologists, or one practicing psychiatrist and one practicing psychologist, designated by the Director of Mental Health. If both evaluators concur that the person has a diagnosed mental disorder so that he or she is likely to engage in acts of sexual violence without appropriate treatment and custody, the director shall forward a request for a petition for commitment to the applicable county. If the evaluators do not agree as to whether the person meets the criteria for a

sexually violent predator, the director is required to arrange for examination by 2 independent professionals who are not employees of the state and who meet specified requirements.

Existing law specifies that the psychologists or psychiatrists performing the original evaluation may be independent professionals. Existing law provides that this provision shall be repealed, and a different provision of existing law that does not provide that the psychologists or psychiatrists performing the original evaluation may be independent professionals shall become operative, on the date that the director executes a declaration specifying that sufficient qualified state employees have been hired to conduct the evaluations, or January 1, 2011, whichever occurs first.

This bill would extend this final date for the expiration of the authorization for independent professionals to perform these examinations from January 1, 2012, to January 1, 2015.
